RICHARDS GARDENS
On U. S. No. 131
PLAINWELL, MICHIGAN

WHY YOUR GARDEN DOLLAR BUYS MORE HERE

Five years ago we first introduced our Perennial Seedlings to retail buyers. The response was immediate and far beyond our expectations. Growers appreciated the Unusual Values we were giving in these high quality Seedlings. Year after year the many hundreds of satisfied customers came back again and again for more, and told their friends about the quality of our plants. Each year we have increased our seedling beds until now we are the Largest Growers of Perennial Seedlings in America.

Consider that you get one dozen of our fine seedlings for about the price you would pay for two ordinary field grown plants and you get an idea of the saving you can make by buying Richards' Garden plants. Remember, these are not ordinary green-house seedlings, but well rooted, healthy field grown plants.

PLEASE NOTE

At least one-half dozen of any one variety must be ordered as our prices will not permit handling orders for lesser amounts.

SEND YOUR ORDERS EARLY

Make out your order and send it now while you are planning your garden. We will ship your plants at the proper time, and you will be assured of having plants just when you want them.

FREE PLANTS

We will send you absolutely FREE two dozen, your selection, of any of the plants described in this catalog, retailing at not more than 55 cents per dozen, with every order of ten dozen or more plants selected from this list. Another reason why your Garden Dollar Buys More at Richards' Gardens.

READY TO GROW FOR YOU

Our plants are Super-Packed in the most modern manner and are guaranteed to arrive in perfect condition. All orders are sent prepaid. Prices in this book are all you pay.

THE WORLD'S FINEST DELPHINIUMS

The Famous Vetterle and Reinelt Pacific Hybrids

Richards' Gardens enjoy the reputation of not only being America's Largest Growers of Perennial Seedlings, but also of producing some of the finest Pacific Hybrid Delphinium Seedlings it is possible to secure.

This elegant strain of Delphinium is almost beyond description. Flower spikes 3 to 5 feet long closely packed with individual flowers from 2 to 3 inches across; many are double, some semi-double, some single. The plants are resistant to mildew and stems are wiry and strong enough to resist high winds. These plants are strong, well rooted seedlings from seeds sown in May, this year.

Des Moines, Iowa, May 13, 1940

Gentlemen:

My order of seedling perennials arrived this morning in perfect condition. As it is my first experience in ordering seedlings from your firm I was astonished at the size and strength and perfect condition of the plants. I want to register my appreciation.

Emma Case Moulton

Ponca City, Okla., April 23, 1940

I received my perennials Saturday afternoon. I wish to express my appreciation for the promptness with which my order was filled. The plants were in perfect condition and I have great hopes for their survival in spite of our long, hot, dry summers.

Mrs. F. O. Hawkins

VARIETY

Large flowering type with blossoms of bright golden yellow, centered by a disc of rich maroon red. Prolific bloomer.	
Goblin55
A true dwarf Gaillardia that should be in every garden. 12 to 15 inches high and each stem is topped by a large deep red bloom. Is very showy and flowers are produced in abundance over a long period of time.	

Dayton, Wyo., May 9, 1940

Dear Sirs:

Perennials arrived o. k. and many thanks for such nice plants. I was very much surprised to find such large plants. You will receive future orders from me.

Mrs. F. Frederickson

VARIETY

PER DOZ.

GAILLARDIA (Continued)

The King75

A magnificent large flowering variety. Large deep red centers edged with petals of gleaming gold. Sturdy in growth.

Portola Hybrids55

Extremely large flowering strain. Coloring ranges from reddish-bronze to deep gold. Excellent for cutting.

Tangerine55

Large flowering variety which is particularly showy, due to its brilliant tangerine color. For bright spots of color this variety is unexcelled.

GEUM

Noted for their bright colored flowers which are especially effective in small vases or for table decoration. Dwarf in growth (12 to 16 inches high) fine for bedding or borders.

Lady Stratheden75

Large double blooms of rich golden yellow. Noted for its ever blooming habit, as it blooms nearly all summer. Fine for cutting and a truly splendid variety.

Mrs. Bradshaw75

Exactly like Lady Stratheden described above except that the flowers are an intense fiery-red in color. Unequalled for brilliant color spots.

GYPSOPHILA (Baby's Breath)

Most noted of all perennials for its delicacy of bloom. For use in mixed bouquets and for general attractiveness it has no equal.

Paniculata40

Dense, spreading bushy type which reaches a height of about 3 feet. Quantities of tiny white flowers completely hide the plant when in full bloom. Foliage is fine in texture and ornamental in rock garden or border.

Paniculata Snow Flake55

An improved strain of Gypsophila which is favored because of its double flowers and the abundance of its bloom. May be cut and dried for winter bouquets.

Snow White Double55

Grows 2 feet high. Flowers are snowy white and a great percentage of them are double. An excellent cutting variety and admired by all growers.

HELENIUM

An outstanding plant which produces hundreds of bright colored blooms during its blooming season. Beautiful as a cut flower and equally fine for bedding or borders.

Bigelovii55

Richly colored, golden yellow flowers with black centers.

Lincoln, Nebr. June 8, 1940

Gentlemen:
 The plants I ordered from you came in excellent condition and have done well. You certainly know how to pack them for shipment. They are healthy, thrifty plants, and I am well pleased with my first order from you.

Mrs. E. P. Sutton

VARIETY**PER DOZ.****LYCHNIS (Catchfly)**

An old artistic perennial which has been cultivated for centuries in some parts of the world. Noted for their brilliancy of color and hardiness. The ideal plants to liven up the colors in your border.

Chalcedonica (Maltese Cross)55

Vivid scarlet flowers in flat heads, borne over an extremely long blooming period. Exceptionally hardy and just the plant to create spots of color. Grows 2 feet high.

Viscaria Splendens55

Grows to a height of 1½ feet. Brilliant red bloom produced over a long season. Brighten your plantings with some of these fine plants.

MATRICARIA (Feverfew)

Much used for bedding purposes. Free blooming habit and compact growth recommends it for general use. Foliage ornamental, strongly scented.

Ball's Double White55

We recommend this as the best because it is the only fully double flowering pure white strain. We guarantee 98% true to description.

MYOSOTIS ALPESTRIS (Forget-me-not)40

Reaches a height of only 12 inches and universally loved for its charming clear blue flowers. Ideal for the rockery or for edging walks or beds, etc.

NEPETA MUSSINI (Ground Ivy)40

A spectacular plant with foliage resembling that of the Yucca. Long stems each bear a large inverted cone shaped spike of brilliant orange. One of the most showy of autumn flowers and should be in every garden.	

TUNICA SAXIFRAGA (Coat Flower)40
Ornamental grass-like foliage. Bears small pink flowers in profusion most of the summer.	

VARIETY

PER DOZ.

VALERIANA (Garden Heliotrope)

Showy heads of brilliant flowers borne on erect stems. An ideal flower for cutting and for bold color masses.

.55

Rubra Coccinea

Brightest scarlet blooms borne on strong stems 36 inches high. Foliage is ornamental and plant is hardy.

VERONICA

Interesting because of their ornamental foliage and the long flower spikes which resemble graceful spires. Very hardy.

.55

Amethystina

Dwarf form which rarely grows over 1 foot high. Bears long spikes covered by clear blue florets in June and July.

.40

Longifolia

Grows 30 inches high and bears quantites of bright blue flower spikes.

VIOLA (Hardy Tufted Pansies)

One of the most popular garden flowers. Loved for their dwarf stature, their colorfulness and their free blooming habit. Unequalled for borders as they bloom continuously 6 or 7 months of the year.

.55

Apricot

Large flowering type in various rich apricot shades. Hardy and free flowering.

.55

Arkwright Ruby

Richly colored, ruby-red with velvety sheen. Fragrant and beautiful.

.55

Black Imp

Most unique of new varieties. Satiny coal black with yellow eye. Striking in effect. Free blooming and hardy.

.55

Chantreyland

Improved strain noted for its deep apricot coloring. Fragrant.

.55

Jersey Gem

Shimmering deep violet-blue color, sweet fragrance and extremely long period of bloom make this an outstanding variety.

.55

King Henry

Flowers of rich violet-purple with small yellow eye. Each blossom perfectly formed. An improved form of Jersey Gem described above.

Field Grown HARDY PHLOX

BEAUTIFUL, COLORFUL, EASILY GROWN

No flower will lend more color and beauty to your garden than a planting of Hardy Phlox. They thrive under average conditions, bloom freely over a long period of time and equally satisfactory when used for bed or for borders.

We are growers of Phlox and have an unusually fine assortment of field grown plants. These are one year plants, the best size for transplanting. All are well rooted and have bloomed in our fields so we know they are true to name. Phlox will start blooming early in July and continue all through August and into September. Remember all of our plants are super-packed, sent prepaid and guaranteed to reach you in good condition.

WE OFFER THE FOLLOWING VARIETIES

AETNA

Excellent new variety which is highly resistant to rust. Tall, strong grower and of superb scarlet color.

AFRICA

Lustrous deep carmine red with darker eye. Sturdy grower with well developed trusses.

B. COMpte

A later flowering variety, rather tall growing and noted for its rich wine red coloring. Very desirable for bed and background.

BLUSHING BRIDE

Color which fits its name. Deep rosy pink with red eye. Exceptionally large flowers on tall erect stems. A splendid new variety.

BORDER QUEEN

Dwarf variety particularly good for foreground plantings. Massive well formed heads. Deep watermelon pink.

CAROLINE VANDENBURG

The nearest to blue color to be found among the phlox. Large flowering type providing a distinct contrast in color values.

COUNT ZEPPELIN

Strong growing, free flowering sort of pure white with vivid red eye.

DAILY SKETCH

One of the best introductions of recent years. Immense flowers of light salmon pink with carmine eye. One of the tallest growing phlox and has been acclaimed as "sensational" by all phlox lovers.

ECLAIREUR

Tall growing and very sturdy variety. The best purple colored phlox.

E. I. FARRINGTON

A phlox of distinctive beauty. Flower trusses are extremely large and color is a delightful salmon shade with slightly lighter eye.

GEORGE STIPP

A strong grower with excellent foliage. A truly outstanding phlox with a glowing salmon-pink coloring and prolific blooming habit.

LILLIAN

One of the most distinctive new phlox ever introduced. Unusually large trusses with massive individual florets. Color is a charming soft pink with silvery glints. A strong, sure grower with long blooming season.

MIA RUY'S

A dwarf variety which bears large heads of pure white flowers.

MISS LINGARD

The most popular white phlox. Starts blooming early and continues over a long period. Faint pink eye adds to beauty of blossoms.

MORGENROOD

The glorious rosy red of sunrise. Very striking for colorful beds and noted for its sturdy growth combined with exceptional blooming qualities.

PAINTED LADY

Much loved for its shimmering silvery-pink color and deep red eye.

R. P. STRUTHERS

A long time favorite. A strong grower and has a wealth of bright red blooms. Especially good in masses.

RHEINLANDER

Another old favorite. Tall growing, beautiful salmon-pink flowers.

SALMON GLOW

Teamed with Daily Sketch this variety has swept to a high place in the phlox world. Its robust growth and blooms of deep salmon recommend it to all.

SALOME

Sensational new variety noted for having a clear, deep pink color free from any trace of magenta. Large flowering and sturdy.

THOR

Has stood the test of time and still ranks as one of the best. Deep salmon-pink with a peculiar scarlet color tone. Prolific bloomer and strong grower.

VON HOCHBURG

One of the best red varieties. Large heads of deep blood-red.

WM. KESSELRING

One of the better new phlox. Rosy purple with distinctive white eye. Good foliage and vigorous grower with exceptionally free blooming habit.

Your choice of above, each labelled, well packed and guaranteed to reach you in good condition.

Gentlemen:

You certainly know how to grow your seedlings and I take pleasure in calling the attention of friends to those I have had from you. The Pacific Hybrid Delphiniums I had of you last year as seedlings are now two and three feet tall and will surely show some good blooms.

PEONIES

FROM

Richards Gardens

'Old Homestead Brand'

Growers of Peonies for Twenty-Three Years

We want to say just a word about the quality of Richards' Peonies. We send out, as always, nice clean roots, three to five eye divisions. All from two and three year old clumps. You will find no clubby stock in our peonies and we guarantee them true to name.

Our digging time starts September 1st, but unless you specify a shipping date they will not be shipped until after September 15th, as after that time the eyes are better and stronger and it is really better to wait until that time, unless you must have them before.

Where ten of a kind are ordered, an extra root will be added.

We are giving the rating on the peonies and you will note that there are many in this list that rate nine or better and only in one or two instances are they below eight. We are very proud of this list and know you will be pleased with the offerings we make this year.

OUR GUARANTEE—We exercise great care in keeping our varieties true to name and will replace any variety that proves untrue two years from date of sale.

Peonies To Color

We have, every year, an accumulation of peonies to color but unnamed. These are from our regular stock, and you might get a \$3.00 peony among these mixed varieties. White 20c each; Pink, 20c each and Red 20c each. Not less than five of these will be filled on an order, or we will furnish

6 RED MIXED
6 PINK MIXED
6 WHITE MIXED } for \$3

Gentlemen:

McLean, Va., July 3, 1940
Last March I ordered several dozen plants from your adv. in the February Flower Grower. To say I was pleased would be putting it mildly. I expected weakly little seedlings and thought I might save 2 or 3 of each kind and thus be ahead of the game for I have lost so many 75c and \$1.00 plants. But when I saw those nice plants with such a nice root system, I couldn't believe it.

Mrs. John W. Browning

Gentlemen:

Graham, Texas, April, 26, 1940
I received my plants, they are out and growing nicely. I can't say enough about them. They are the finest plants I have ever seen.

Finest Double Varieties

	VARIETY	Rating	Each
ALBERT CROUSSE	Double, light rose pink with creamy tone. Profuse bloomer. Strong stems and good foliage, late.	8.6	.25
ASA GRAY	Delicate pink, some years slightly mottled. Very free-flowering and very fragrant. Fine for cutting. Midseason.	8.1	.25
AVALANCHE	One of the very best of white peonies, late and a very prolific bloomer. A fine cut flower.	8.7	.25
BALL OF COTTON	As name implies, this peony, when fully open, is large compact white ball. Fragrance mild. Strong stems; good bloomer. Late.	8.8	1.00
BARONESS SCHRCEDER	Large; double; midseason. Flesh-white tinted creamy pink.	9.0	\$.40
BOULE DE NEIGE	A good white free-bloomer, mid-season. A low priced variety where quantity of white flowers are wanted.	8.0	.25
CHERRY HILL	Very early red, medium size. Good bloomer.	8.6	.60
CLAIRE DUBOIS	Very large and one of the finest peonies, makes enormous buds and flowers. A valuable cut flower variety, in the dark pink class, and holds its color well. Blooms in late mid-season.	8.7	.50
EDITH FORREST	This peony has not been rated and the only reason I can conceive is that it is not very general in commerce but it is in my mind one of the very best of dark pink blooming just after Edulis Superba and a really fine peony.		.40
EDULIS SUPERBA	This is one of the few peonies which we have that is rated under eight and there is no reason why Edulis Superba should carry this low rating as it is really a good peony, early, free-flowering and a fine cut flower in the dark pink class.	7.6	.25
ELWOOD PLEAS	Large, late pink peony on the order of Therese.	8.7	.40
EUGENE BIGOT	Large, late crimson peony.	8.3	.50
FELIX CROUSSE	Late, midseason red peony, one of the Big Four of peonies, and probably the largest seller of all red peonies. Sure bloomer and always opens well	8.4	.25
